Some changes were made between 2007-2014 Lifelong Learning / Erasmus Program and Erasmus + program implemented between 2014-2021 in terms of grant usage. Accordingly, the daily grant amount, travel payments, the countries to be visited, the duration of the activity may differ from the previous period.

Related Changes:

1. The mobility period, which was at least 5 working days before, has changed to be at least 2 working days. Staff mobility period is minimum 2 days and maximum 2 months. However, our Unit has limited the period of grant payments within the scope of Erasmus staff mobility to a minimum of 2 working days and a maximum of 5 working days in order to ensure that more of our staff can benefit from the mobility with the current grant.
2. Conference attendance will not be granted within the scope of the Erasmus Program in the 2014-2021 period.
3. As known, travel distance in travel expenses will be calculated using the distance calculator provided by the European Commission. For example; An instructor who will go to Rzeszow to give lectures, after determining the distance between Tokat-Rzeszow in this link, should calculate the travel cost to be paid to him according to the distance range in the announcement text. 4. In the previous period, only EU member countries could be visited, but with the new term, Macedonia, Liechtenstein, Iceland and Norway can also be visited within the scope of education mobility, as well as 28 EU member countries.
